Notes to Consolidated Financial Statements

Note 1 - Organization and Summary of Significant Accounting Policies

Organization

Bakashana, Inc., a non-profit organization, was incorporated in the state of Nevada on July 10, 2010, was founded in 2009, and is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code ("IRC"). Bakashana, Inc. serves as a fundraising and operational subsidiary, while our Zambian subsidiary, Bakashana Basambilile, LTD., implements our charity work. Bakashana inspires Zambian women and girls by providing them a future of choice through education, livelihood training, health services, leadership mentoring, and cultural exchange. By embracing a strength-based, culturally relevant approach that combines ancestral wisdom, the cultivation of healthy relationships, & access to contemporary resources, Bakashana empowers young women to become leaders in their communities.

Bakashana has agreements with several non-profit organizations which offer grants for our charity work. These grants are expensed as required by each specific funder, for the purposes previously agreed upon. These agreements are recorded as income in the year the grant is promised.

Principles of Consolidation

The reporting entity referred to as "Bakashana" includes the accounts of Bakashana, Inc. (US 501(c)3) and Bakashana Basambilile, LTD (Zambian Registered non-profit, Patents and Companies Registration Association (PACRA) # 106182). All intercompany accounts and transactions have been eliminated in consolidation.

Basis of Presentation

Bakashana reports information regarding its financial position and activities according to four classes of net assets: unrestricted net assets, board-restricted net assets, temporarily restricted net assets, and permanently restricted net assets (omitted currently, because no permanently restricted net assets exist).

<u>Unrestricted amounts</u> are those currently available at the discretion of the Board of Directors ("Board") for use in the Bakashana's operations, fundraising, and certain programs.

<u>Board-restricted amounts</u> are those without donor restrictions that are subject to self-imposed limits by action of the governing board. Board-designated net assets may be earmarked for future programs, investments, contingencies, purchase or construction of fixed assets or other uses.

<u>Temporarily restricted amounts</u> are monies restricted by donors specifically for certain purposes or programs; these monies are available for use by Bakashana for the restricted purpose.

<u>Permanently restricted amounts</u> are assets that must be maintained permanently by Bakashana, as required by the donor. As of December 31, 2022, Bakashana did not have any permanently restricted amounts.

Note 1 - Organization and Summary of Significant Accounting Policies (continued)

Accounts and Contributions Receivable

Accounts and contributions receivable represent promised amounts due from individuals and organizations in contributions to Bakashana's programs. Management considers all amounts collectible; therefore, no allowance has been recorded as of December 31, 2022.

Unconditional gifts expected to be collected within one year are reported at their net realizable value. Unconditional gifts expected to be collected in future years are reported at the present value of estimated future cash flows. The resulting discount is amortized using the level-yield method and is reported as contribution revenue (Bakashana has had no Unconditional gifts expected to be collected in future years, as of December 31, 2022).

<u>Investments</u>

Bakashana holds no Investments at this time. All cash is held in various checking accounts, where minimal interest is earned. When receiving securities, the company policy requires the sale of these securities when they are received, at their current market value, as the Board of Directors deemed that this charitable organization should not participate in Market Investing.

Property and Equipment

Land, buildings and improvements, and equipment purchased by Bakashana are recorded at cost. Donated fixed assets are capitalized at fair value at the date of donation. Depreciation is provided on the straight-line method based upon the estimated useful lives of the assets. Leasehold improvements are amortized over the shorter of the lease term plus renewal options or the estimated useful lives of the improvements.

Contributions

Gifts of cash and other assets received without donor stipulations are reported as unrestricted contributions. Gifts received with a donor stipulation that limits their use are reported as temporarily or permanently restricted contributions. When a donor-stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of activities as net assets released from restrictions.

Gifts of land, buildings, equipment, and other long-lived assets are reported as unrestricted contributions unless explicit donor stipulations specify how such assets must be used, in which case the gifts are reported as temporarily or permanently restricted contributions. Absent explicit donor stipulations for the time that long-lived assets must be held, expirations of restrictions resulting in reclassification of temporarily restricted net assets as unrestricted net assets are reported when the long-lived assets are placed in service.

Functional Expenses

Expenses incurred directly for a program service are charged to that program. Certain overhead costs

are also allocated to programs on a pro rata basis by time/resource utilization among each program.

Income Taxes

Bakashana, Inc. is exempt from United States federal income taxes under Section 501(c)(3) of the IRC. Bakashana Basambilile, LTD is exempt from Zambian federal income taxes through recognition as a Public Benefit Organization (PBO) by the Zambian Revenue Authority (ZRA).

Use of Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue, expenses, gains, losses, and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Note 2 - Fair Value Measurements, Investments, and Exchange Rates

Bakashana's policy requires the sale of all Securities, and thus the organization holds only tangible and cash assets. Regarding the valuation of tangible assets, the organization values these assets based on the price paid for the asset, or the estimated fair market value on the day of donation of the asset (in the case of donated goods).

Expenses incurred in foreign currency are translated into Bakashana's functional currency (\$USD), based on the mid-market exchange rate on the day the transaction occurred. The value of Cash and other Assets are determined in the local currency, based on the exchange rate on the day of preparation of the report (in this case, December 31, 2022). Losses and/or gains to the value of assets from previous years is translated to "Other Expense - Exchange Gain or Loss".

Securities received/release since the fiscal year of 2018 are displayed in the following table (there are no records for 2022 or 2021):

Date of Receipt	Date of Sale	Stock Held	Stock Units	Stock Price on Date of Sale	Total Received upon Sale
